

# SV-P3000 SILICA DUST VACUUM

## TECHNICAL SHEET

### DESCRIPTION

The **SV-P3000** crystalline silica particle vacuum represents a cutting-edge innovation, providing a definitive solution for maintaining dust-free work sites. Inspired by technological advancements in sectors such as aerospace and pharmaceuticals, it is adaptable to meet the efficient dust removal needs of all your tools without requiring water.

### BENEFITS

- Compatible with most tools
- Compressed Air Filter Maintenance
- No liquids, for a clean and dry site
- Exceeds the requirements of various international safety standards
- Convenient and versatile transportation
- Safe recovery of hazardous dust particles

### DIMENSIONS

Length 53" / 134,62 cm

Depth 48" / 121,92 cm

Height 64" / 162,56 cm

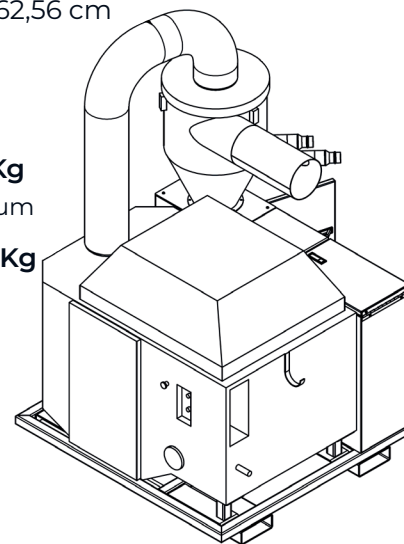

### WEIGHT

475 Lbs / 215 Kg

silica dust vacuum

950 Lbs / 430 Kg

with support

### SPECIFICATIONS

- Optional outlet adapters for most tools
- Power supply 3HP / 230V / 50Hz  
16 Amp
- Dust collection drawer
- Lightweight corrosion-proof housing
- Filtration process in 3 steps with 97% efficiency - 0.3 micron
- Airflow: 1200 CFM
- Sound level: 74 dB (A)
